

## KREATIV GAME TOP OF ZURICH

### OUTDOOR PROGRAM

Your guide will welcome you in front of the hotel UTO KULM. After a short introduction, your group will form teams of approximately 6 persons. The goal is to discover the exciting surroundings of the Uetliberg with all its specialities and hidden places.

Challenging tasks that require a creative approach are awaiting the participants. A sense of orientation and teamwork are the key skills to succeed in this game. You will be equipped with a file including questions and tasks as well as with a digital camera. Also included is an active unit, which each group has to complete where important additional points can be won! Points are awarded for completed tasks and the group with the highest number of points wins.

After the game, you have the opportunity to meet at the restaurant UTO KULM and enjoy a few appetizers before dinner. During this time, the guide will evaluate the questions and then announce the winner team.
